Save Crooked Lake Boy As Cousin, 21, Drowns In Deep Water Tragedy

Mrs. Harold Golden Seeks Names of Two Girls Who Pulled Boy From Lake

A Crooked Lake mother is seeking the identity of two teen-aged girls who pulled her son from the lake Sunday, after the boy's cousin drowned in nine feet of water.

Mrs. Harold Golden, of Golden road, said witnesses told her the girls probably saved the life of her 15-year-old son, Billy.

Billy's cousin, Norman Marsh 21, of Bristol, Wis., drowned as the two youths attempted to swim out to a raft some 800 feet from shore.

The two swimmers were reportedly about 30 feet from the shore when Marsh suddenly grabbed Billy, and pulled him under water.

Young Golden was able to free himself from the death grip, and make his way to the surface where he called for help.

Calls Ignored

Other swimmers at first ignored his cries, until he shouted: "Help! Help! I'm not kidding!"

A group of girls swam to his aid, and two of them brought him to shore while others dived unsuccessfully for his cousin.

Marsh's body was located by the Lake Villa Rescue Squad after two hours of dragging.

The drowning brought a tragic ending to a family picnic.

While others dived for the drowning victim's body, two girls in bathing suits brought Billy home—half carrying him—his mother said.

Mrs. Golden said they left in the excitement before she could learn their names.

Funeral services for the Marsh youth, an only child, were held in Kenosha yesterday. He was buried in Bristol-Paris cemetery.

Mrs. W. C. Petty Named To Illinois Commission

An Antioch woman, Mrs. W. C. Petty, 1038 Spafford, has been named by Governor Stratton to the new State Scholarship Commission.

The commission will supervise a program that provides \$600,000 in scholarships and \$130,000 for administration expenses.

Maximum individual scholarships of \$600 will provide tuition and fees at either private or tax-supported schools in Illinois.

Mrs. Petty, who is the wife of the county superintendent of schools, will serve on the commission until 1959.

Northwestern University Dean to Discuss Education At Teacher Institute Here

The keynote speaker at the Antioch Township High school Sept. 3 will be Dr. E. T. McSwain, dean of the school of education at Northwestern University.

He will conduct a one-hour discussion on the community school of the future.

The public is invited to the session, starting at 9:30 a. m., in the school auditorium.

Dr. McSwain is an authority in elementary education, child development, public school administration, and teacher education.

Mass to Be Held Aug. 29 Memory of Lt. A. Graham

An anniversary mass will be said for 1st Lt. Anton J. Cermak Graham at St. Peter's Catholic church on Thursday, Aug. 29.

Lt. Graham was killed in action 13 years ago while leading his company, Company I, 9th Infantry, 2nd Division, in the battle for Brest, France.

He was the son of Mr. and Mrs. Richey V. Graham of 1341 Park avenue, River Forest, and of Channel Lake, and a grandson of the late mayor of Chicago, Anton J. Cermak.

Metzler Dancing School Opens Branch in Antioch

The Metzler School of Dancing will open a branch studio at the Antioch American Legion Home, starting Aug. 30.

Miss Delores Delkus, an instructor at the Waukegan studio for the last nine years, will direct the Antioch branch.

Registration for pupils, 4½ years or older, will be held from 1 to 3 p. m. Aug. 30.

Lake Villa Busy Belles and Clever Clovers Home From State Fair With Honors, Awards

The Lake Villa Busy Belles and Clever Clovers proved themselves just that by bringing home Blue Ribbon honors from the Illinois State Fair. They were among 52 Home Economics 4-H girls from Lake County who attended the fair.

Green ribbon awards were made to all who participated in the "Share-the-Fun" program, but the Busy Belles were also awarded top honors for their performance of "Midnight in the Playroom."

This act competed with the acts from all over the state for the honor of being chosen to perform for the National "Share-the-Fun" program in December.

Win Blue Ribbons

The Clever Clovers were represented in the style show by Cathy Arndt and Judy Zelbor of Lake Villa, and they too received honor group awards of Blue Ribbons. Mrs. Helen Volk, Lake County Home Adviser, was one of the clothing judges.

Mrs. Glen McNeil, one of the chaperones, and also the mother of Clever Clover Christine McNeil, was assisted by Mrs. Joseph Milweski, of Wildwood. Christine participated in many activities and attended classes for flower arranging where she was required to make four flower arrangements.

An accordion solo was presented by Carolyn Westberg.

Football Season Near Practice Call Monday

All prospective football players interested in Varsity, Sophomore and Freshman teams, should report for practice Monday at 9 a. m., according to Robert Walther, head football coach.

Coach Walther has been issuing equipment from 9 a. m. to 12 noon daily to seniors, juniors and sophomores. The freshmen will have their equipment issued Monday at practice.

All candidates except freshmen must report for their physical examinations tomorrow at 9:30 a. m. at the Antioch Clinic. Freshmen will go either Monday or Tuesday.

The varsity team will be coached by Walther and William Baird. The sophomore group will be handled by William Romoser and Don Chiappetta will again work with the freshman squad.

Groundbreaking Sept. 1 For Lake Villa Church

Groundbreaking for the new Lakeland Baptist Church building at Lake Villa will be held Sept. 1, at 2:30 p. m.

The Rev. Dale Van Hovel announced today that the Home Mission Society has approved plans for the church, and extended a \$30,000 loan for initial construction.

Additional funds will be borrowed locally, he said.

Until the new building is completed, church services will continue to be held in Emmons Public School, 1½ miles south of Antioch on Rte. 59.

The Rev. Mr. Van Hovel discussed plans for the church, with the Home Mission Society while attending a recent Church Extension conference at Green Lake, Wis.

A cafeteria supper will be held Saturday, Aug. 24, at 5 p. m. by the Ladies' Aid of the Faith Evangelical Lutheran Church of Antioch. Children under 3 years of age will need no admission to the supper, which will be served at the church, one block south of the high school on Rte. 21.

Ora Lee, 19, of Antioch Enters Contest to Pick Miss Waukegan Aviation

Pretty dimpled Ora Lee, a Patricia Stevens model in Chicago, is Antioch's entry in the Miss Waukegan Aviation contest.

Ora is the daughter of Mrs. Betty Paszkiewicz, 565 N. Main street.

She is 19 years old, has green eyes, dark brown hair, weighs 116 pounds, and is 5 feet 8½ inches tall.

Miss Lee commutes to Chicago, where she works days as a receptionist in the public relations department of the Portland Cement Assn. She studies modeling evenings, and does modeling work for the Evans Fur Co.

If she is elected Miss Waukegan Aviation she will reign over an Aviation Ball to be held in Waukegan Oct. 27.

The ball will climax a full summer of activity, designed to promote private and commercial flying in Lake county.

Miss Lee has flown in both private and commercial aircraft. She came to Antioch seven years ago from Nevada City, Calif. After graduating from Antioch Township High school, she studied English for one year at Lake Forest College.

She was among the finalists in the Lake County Fair Queen contest earlier this summer, which attracted nearly 100 entries.

Miss Lee's other activities include sailing, in particular, and sports in general, she says.

The girl who is chosen Miss Waukegan Aviation will receive more than \$1,000 worth of gifts, including an aviation scholarship.

Wayne K. Carpenter, manager of Waukegan Airport, and sponsor of the contest, said the winner will be selected by popular ballot. Ballots may be obtained at Waukegan Airport, he said.

Ora Lee

Services for 75-year-old Clarence E. Wedge, for whom Wedge's Corners was named, were held Friday in the Strang Funeral home.

Mr. Wedge, who lived his entire life within five miles of his birthplace, died Aug. 14 in his home.

He was born in Warren Township June 10, 1882. He later established a general store and restaurant at Wedge's Corners.

He is survived by his widow, Jessie, whom he married in 1903; three sons, Harry, of Round Lake; Robert, of Gurnee, and Charles, of Lake Villa; Mrs. May Golden, a daughter, also of Lake Villa, a brother, Ernest, North Chicago; a sister, Mrs. Bertha Gee, Waukegan, and ten grandchildren.

Guy Richards, 89, Dies Services In Chicago

Funeral services were held in Chicago this afternoon for Guy Richards, 89, of Lake Villa, who died in St. Therese hospital, Waukegan, on Tuesday.

Mr. Richards left no known survivors.

Burial will be tomorrow at 2 p. m. in Forest Mound cemetery, Waukegan, Wis.

Mrs. W. Warnecke Succumbs Tuesday

A Lake Villa resident for 24 years, Mrs. Wiebke Warnecke, passed away Tuesday, Aug. 20, at the Lake County General hospital in Waukegan, after an illness of two months.

Born August 14, 1875 in Eisendorf, Germany, Mrs. Warnecke came to America in her twentieth year and settled in New York. In 1898 she moved to Chicago where she was married to Samuel B. Warnecke two years later. Prior to moving to Lake Villa, she and her husband operated a business in Wheeling.

She is preceded in death by her husband.

Survivors are her brother, Henry Stang of Chicago and six nieces and nephews in Chicago.

Funeral services were held at Strang's Funeral home at 1:30 p. m. Thursday, officiated by the Rev. Gerald Robinson of the Lake Villa Community Methodist church. Interment was at the Irving Park cemetery in Chicago.

Skeletons of Early Settlers Hamper Development At Bong Field North of Here

Salem High Students Banned From Sitting In Autos During Day

The Central High School Board of Education at Salem has adopted a policy restricting students sitting in parked cars during the school day.

A number of students had reported damage to their autos, A. H. Erickson, principal, reported.

Students will also be discouraged from driving to school, he said.

Nine school buses will be operated this year, with a late bus running at 4:30 p. m. to accommodate students participating in extra-curricular activities.

All teachers must remain at the school until 4 p. m., the board ruled at its August meeting.

Freshmen are to report to school on September 3 and 4 while upper classmen are to report Thursday, Sept. 5.

Descendants Sought by Army Authorities; Federal Order Needed to Disinter Bodies

Mighty jet planes will soon roar off the runways at the Richard I. Bong Air Force Base in Kenosha County north of Antioch.

But before that can happen, a tiny cemetery will have to be moved.

The hallowed ground, containing seven marked graves, has been discovered located in a grove of hardwood trees about 100 feet south of Center rd., almost exactly in the middle of the proposed airport.

Six Antioch Residents Involved In \$425,000 Worth of Legal Action

Lawsuits involving Antioch area residents have been filed to the tune of \$425,000 in Circuit Court in Waukegan.

The largest suit, for \$210,000, was filed by a Morley Subdivision couple, Virginia and John M. Burton, as the result of an Aug. 14, 1955, collision on Rte. 173 near Deep Lake road.

Defendants in the action are Gary and Ralph Brown, operators of a Zion radio and television service, and Alex A. Delke, another motorist.

Mrs. Burton was injured, the suit says, when her husband stopped his car behind the Delke auto, which had stopped on the highway, and was hit by the Brown truck.

Two Antioch men found themselves defendants in a \$115,000 action filed by three Melrose Park women, as the result of another accident.

Pat Harmon, 110 Bishop st., and Donald Harmon, RFD 4, are accused in the suit of being responsible for a Sept. 15, 1956 collision on Rte. 83, Lake Villa.

The women, Bess Pruzinski, and Ann and Frances Bigus, charged that Donald Harmon was driving a car owned by Pat Harmon on the wrong side of the road.

In one other action, Harry Breheim, Racine, Wis., and Ellsworth Barton, Trevor, sued Raymond B. Willet, Channel Lake, and another Antioch resident identified in the suit as B. Willet, for \$100,000.

The plaintiffs say they were hurt when the Willet car, in which they were riding, went off the road near Wilmet Aug. 9, 1955.

Lake Villa School Bid Lower Than Estimates

Contracts for construction of a new grade school at Sand Lake and Beck roads, near Lindenhurst, will be let Sept. 11.

Low bidder was Roy Nordstrom of Fox Lake, whose bid of \$125,000 was opened Tuesday night.

Harry Pavel, president of the board of education of Lake Villa Community Consolidated School district, said the bids received were low enough that the board is considering adding two more classrooms to the project.

Finish Next Year

Completion date on the sixroom structure is set for Sept. 1, 1958.

Here are individual low bidders for parts of the job:

Plumbing, Paul R. Avery, Lake Villa, \$9,379; Heating and ventilating, Wacholz Heating Co., Chicago, \$20,958; electricity, Hamlin Electric Co., Lake Villa, \$10,990.

A \$211,000 bond issue for the project was approved by voters last April 13.

High School District Tax Rate Hike Request To Be Studied by Lake County Civic League

The Lake County Civic League is examining proposals that the educational and building fund tax rates in Antioch High School District 117 be increased, Bruce Tresler, executive secretary, has announced.

A report on the background of the proposals will be made in the near future, he said.

The school board said increased operating costs make it necessary to ask for the increased rates, at a referendum Sept. 7.

Although the proposal is to increase the educational tax rate limit from 65 cents to 86 cents per \$100 assessed valuation, it will not be necessary to levy the full amount—just enough to pay expenses.

In 1947 the rate was raised to 55 cents, but that was not levied until five years later.

The referendum will ask that the building tax rate be hiked from 10 cents to 18½ cents.

Rapid increase in enrollment is given as the main reason for increased operating costs of the high school. Enrollment jumped from 275 to 545 in the last 10 years. It is estimated that enrollment this year will be well over 650.

To keep up with this growth, seven teachers will have to be added to the school staff by 1960, according to school officials. The present starting salary is \$4,000, and the maximum is \$5,800.

FREE MOVIE TICKETS
You may be the receiver of free movie tickets if your name is listed in this newspaper. It will pay you to look there for the announcement.

All of the graves are more than 100 years old.

Kin of persons buried there are being sought by the U. S. Army Corps of Engineers.

John W. George, chief of the technical liaison office of the Chicago District of the Army Engineers said today that the top eight or 10 inches of ground in the graveyard will be skimmed off to determine just how many persons are buried there.

He explained that ground under the surface, from once having been dug out and replaced, will have a different color than the adjoining soil wherever a grave lies.

Eight Headstones

There are eight headstones remaining in the cemetery, but one is so weatherbeaten it cannot be deciphered.

Occupants of the other graves have been identified as Patrick Patterson, 60, who died March 16, 1851; Jane C. Benson, 11 months old daughter of Caroline and William Benson, Jan. 8, 1850; her mother, Caroline, who died October 22, 1856, at the age of 49; Roby Sheldon, 44, the wife of J. T. Sheldon, died July 16, 1843; Willard Eddy, 46, who died May 20, 1847; Walter Reynolds, 60, who died in December, 1850, and his wife, Suky, who died in October, 1851.

John O'Connell, of the real estate division of the Army Engineers has spent several months searching for descendants of the long-dead occupants of the tiny graveyard.

He learned from Brighton Township authorities that the plot is an unrecorded private cemetery.

Kin Located

He discovered one descendant, Mrs. Arthur Bullis, an elderly Burlington, Wis., resident, who is the granddaughter of Willard Eddy. She said she remembers her father, Ozro Eddy, once fencing the tiny burial plot.

She said that since the people buried there were acquainted, she hoped they could all be reburied together. She said other members of her family are buried in Salem Mound cemetery.

Army authorities must go into Federal District Court in Milwaukee next month to launch condemnation proceedings against the little graveyard, and obtain a federal court order to disinter the bodies.

"We will not be able to reinter them for at least four months, during which time the Department of Justice must advertise for any (Continued on page 12)

Two Rezoning Requests To Be Heard on Monday

The Lake County Zoning Board of Appeals will meet in the Antioch village hall at 1:30 p. m. Monday to hear two requests for zoning changes.

One, by Mr. and Mrs. John Weiss, RFD 4, Antioch, involves construction of a motel on Channel lake.

Weiss, former operator of the Channel Lake tavern, will ask for a rezoning classification from farming to general business, for two lots west of his home on Channel Lake road, (Rte 173) a half mile west of Rte. 59.

Another rezoning request will be made by Mrs. Fred E. Franklin, Grass Lake road, who wants her property reclassified from residential to general business.

She said she will ask the reclassification to permit her to remodel her business, Stella's Beauty Shop, which she has operated in her home the last seven years under a special zoning permit.

On Aug. 29 the Zoning Board of Appeals will again meet in the village hall to hear the rezoning request of Louis Nielsen.

He will ask that his five acres of property just northwest of the intersection of Grass Lake road and Rte. 59 be rezoned from farmland to general business, to accommodate a bait business on the site.

Cost of Medical Care

U. S. News & World Report has published a lengthy article on whether doctor's fees and other medical expenses are too high or not high enough. This account is largely factual in nature—and some of the facts deserve widespread understanding.

Medical costs, like all other costs, have risen. Even so, over a considerable period of time—1936 to the present—average charges by doctors have risen substantially less than the cost of living as a whole. And the typical charge made by a doctor for a home visit is little if any more than that of a TV repairman or other mechanic.

Hospital charges have undergone what the magazine calls "a spectacular rise." Yet a profit-making hospital is a rare institution, and most hospitals must look to gifts and revenue sources other than patient's payments to balance the books.

What has happened is that, in addition to the general living and operating costs jumps that have hit medicine along with everything else, we now demand and get much more medical service than we used to. There are all manner of valuable drugs and other aids to recovery that didn't even exist a comparatively few years back. The services of specialists are in ever-greater use. And the people go to hospitals where they used to be served at home. For instance, U. S. News says that in 1956, all but a small proportion of babies were born in hospitals—where as late as 1956, this was true of only 37 per cent of infants.

The magazine estimates that the average family pays \$278 a year for medical care—a figure that includes doctors, dentists, optometrists, hospitalization, drugs and prescriptions, and health insurance. Most people will agree that we get a great deal in return for that sum. And there is every indication that, by and large, the costs are as moderate as the conditions of the time permit.

No Magic in Government Power

Dr. S. C. Hollister, Dean of the College of Engineering, Cornell University, has asked and answered a few questions that are of direct financial interest to practically everyone in the United States.

Here's what he said: "How would you like to receive your electric bill with a notation that 35 per cent was being deducted because the utility furnishing your electricity could now do so without having to pay the usual taxes and the full cost of capital? This is what the biggest power producer in the business can do for its customers. Who is this producer? Your federal government. How does it do this? It taxes you to make up the deficit.

"How would you like to receive a note on your light bill saying that a sum had been added so that someone you never heard of could get his light bill

reduced 35 per cent? This is what is happening to most of you, but it isn't being so marked on the bill. About 80 per cent of the people are paying a quarter to a third of the light bill for the other 20 per cent."

In those two concise paragraphs Dr. Hollister has shown why socialized power is superficially "cheap"—and has exploded the myth surrounding that alleged "cheapness." There is no magic in government power. The government can't build a dam or a generating station or a distribution system for less money than private enterprise—indeed, due to the nature of political undertakings, government costs for comparable projects are often much higher.

Apathy and Polio

We Americans were generous when we contributed millions of dollars to fight paralytic polio.

We were triumphant when, after years of research, our scientists developed a vaccine against it and the number of cases dropped 47 per cent last year.

Now we are shocked to hear that, according to a recent estimate, 58 million Americans under 40 who should get this simple, effective protection have neglected to do so.

What is the word for this neglect? Polio authorities like the National Foundation for Infantile Paralysis, call it Apathy. The dictionary defines apathy as "lack of interest" or "indifference."

But can anybody afford to be indifferent about polio? When it strikes it leaves ruin in its wake—crippled bodies, disrupted homes, wage-earners unable to go on with their chosen work.

Indifference in the face of this kind of risk is folly. Better roll up your sleeve and vaccinate before it is too late!

"Probability" Not Proof

Back in 1917 and 1918 the DuPont Company bought some \$49 million worth of stock in General Motors. Now the U. S. Supreme Court, in reversing a lower court decision, holds that such stock ownership violates Section 7 of the Clayton Anti-Trust Act because of a "reasonable probability" of trade restraints. Never before has Section 7 of the Act been invoked against a "vertical" stock acquisition (in which a company buys into a non-competing firm) and on stock purchased 40 years before. Thus does "probability" take the place of proof based on evidence.

By contrast, labor unions have been exempted from all laws relating to combinations in restraint of trade. They are free to tie the country up from coast to coast in countless ways even though they may endanger the life and health of the nation. It is an actual fact that organized labor combinations have done this, not just a "reasonable probability" that they might do it, and there is no law to curb them.

The most recent example of a labor combination affecting the people is the express strike preventing shipments to a large area of the country. The fact that there are no laws governing combinations in restraint of trade by labor unions leaves the public to suffer at the hands of unregulated labor monopolies. Such combinations are as dangerous as combinations of capital and industry.

The ability to call a strike of unlimited scope certainly indicates "reasonable probability" of trade restraint, especially when the right to work can be denied other men. Anti-Trust laws should include such combinations.

and Brian, were Saturday overnight visitors of Mr. and Mrs. Herman Frank. They left Sunday evening for a few days trip out west.

Mr. and Mrs. George Higgins attended the Wisconsin-Orlando picnic Thursday at the Union Grove fair grounds.

Lindenhurst

Mrs. John Selzer, Correspondent
Telephone Elliot 6-1172

The Lindenhurst Little League played the Waukegan Police Force Little League Sunday, Aug. 18.

Mr. and Mrs. Singer and son, Mr. and Mrs. Cassi, Chicago, were Sunday guests at the home of Mr. and Mrs. John Stone and family.

Tommy, Ricky, Dale and Terri Hay spent a vacation of 10 days at the home of their aunt and uncle, Mr. and Mrs. Tom Hay. The children's parents are Mr. and Mrs. David Hay.

Congratulations to Mr. and Mrs. Alfred Sokolles on the birth of a son, August 10. The new baby was named Eric.

The annual Lindenhurst Men's Club picnic will be held at 12:00 noon Sunday, Sept. 1, on the Men's Club grounds. Sandwiches can be purchased if you don't bring your own lunch. Also beer may be obtained in the club building. Games, races and refreshments available. Please contact one of the committee on the grounds for free refreshment tickets. Three tickets will be provided to each child up to 12 years of age.

YESTERDAYS

Antioch people were sure on the go back in 1932! Then as now they seemed determined not to let any grass grow under their feet or to let it be known they had become just the least little bit staid or stodgy!

How else were the praises of the "World's Best Small Town" to be sung, but by its adventurous citizens going forth on such errands? And go forth they did, and returned too, glad to be back, successful in their undertakings, and brimming over with tales of many experiences and adventures.

The month of August 1932. Virgil Felter and Les Crandall returned Tuesday from a two week trip into Northern Wisconsin. They traveled 1800 miles and reported the fishing good.

"We saw the tides come and we saw the tides go," sang Jim Lynch, ex-seaman, as he came into the News office this morning, his face tempered with the lurid and weird experiences that have been his for the past three years. He just returned to the old home town from a trip around the world via H2O.

After leaving New York City where Jim joined the ship, his next stopping place was at Houston, Texas, and from there to Europe, back to the East Coast, 'round the world, to Frisco, and back to the World's Best Small Town. He ar-

rived here by bus two weeks ago. Among the ports with which Jim is familiar are New York, Havana, Cristobal, Balboa, San Francisco, Honolulu, Yokohama, Kobe, Shanghai, Hong Kong, Singapore, Penang, Colombo, Suez, Port Said, Alexandria, Naples, Genoa, Marseilles, and Boston. During the past year he has been ashore at Frisco where he intends to return following his vacation.

Burt Anderson has burst into the limelight again. This time he went to the end of the rope and made himself heard at Wellington, New Zealand.

Anderson, who operates W9GYK, a local amateur broadcast station, received a card from O. J. Stevens, New Zealand amateur, yesterday stating that the local man's conversation with a Cleveland, Ohio, radio man, was picked up on a two-tube set.

"No foreign woman can begin to rate with the American woman in regard to dress," Emmet Webb commented. He recently returned from an extensive tour of Belgium, Holland, Germany, Czechoslovakia, Austria, Hungary, Switzerland, France and England and told the News all about it in an interview.

"There are very few over there who may be considered well dressed," he said, "and these are too well dressed. Some of them even go so far as to have their hair match their gowns, which to me is silly."

Of all the countries he visited Em-

met halfed Hungary as the most interesting, declaring it to be a strangely different country from what the average person would expect it to be. There are very few people there who speak English and their signs are very misleading. The inhabitants are the most attractive appearing of all foreigners and the hard times have resulted in members of the nobility welcoming work which they would not have

thought of doing prior to the depression.

Budapest is the gayest city in the opinion of the local man, who thought the Hungarian city, with its thousands of American tourists, one of the giddiest centers he visited. "It is a bath sort of place," he said, "the majority of the people there live in swimming pools."

In the presence of 10,000 people and with ceremonies that had not

been equalled since the late Emperor Francis Joseph visited the country in 1912, Anton J. Cermak, mayor of Chicago, was officially welcomed to Czechoslovakia, his native land, yesterday. The mayor left Antioch, his summer home, two weeks ago.

Library Directors Lauded For Stand on Federal Aid

The Antioch Township Library directors have been lauded by the Lake County Civic League for their stand against federal aid to libraries.

Bruce Trester, executive secretary of the League, said, "The Antioch board received plaudits from its citizens, who in our opinion, believe that 'I'll take less from Uncle Sam, if Uncle Sam takes less from me.'"

The Antioch Township Library Board has announced it does not want any part of federal and state financial aid planned for rural libraries.

"More expressions of this nature would help convince the policy makers that the citizen wants the best use of his tax dollar, and wants the money to stay at home," Trester said.

OUT ON A LIMB

By Stumpy McCulloch

Trembling with fright, the victim pleaded with the burglar: "Please, don't take my watch. It isn't worth anything. It's only value is sentimental."

"I'm sentimental," said the crook.

I see where the State of Oregon puffed up its chest and announced that it topped all other states last year in total lumber production. Seems like it's the 19th straight year that Oregon has held this honor.

Oregon also led in fir plywood production, again for the third year in a row. Last year's lumber output from the state was about 8.5 million board feet, a lot of lumber in any book, and twice that of California, in second place.

Friend of mine over in the next county asked me the other day what kinds of wood are suitable for pulp. He says he has lots of willow, cottonwood, mulberry and hackberry trees that he'd like to clear off his land, but he's not sure if these trees make good pulp.

Matter of fact, seems like paper can now be made from fibers of almost any kind of wood. Only thing to watch for is that your local mill can't use all woods and is probably using those most readily available in the area.

Best thing to do is check with the mill or your nearest Tree Farm information center.

Now'n then I like to tell about how all over the North American continent we're gradually winnin' the fight against forest fires. It's kinda' slow but our losses seem to be a little less year after year.

That's because overall we're putting more time and effort into fire protection. But this costs money and I sure had no idea how much until I saw some figures the other day.

For instance, it now costs \$83 million annually for forest fire protection on the 432 million acres of non-federal timberland in the U.S.

Then there was the agricultural college student who was voted by his class "the kid most likely to sack seed."

So long! See you next week!

SCIENCE IN YOUR LIFE

Medicine In Space

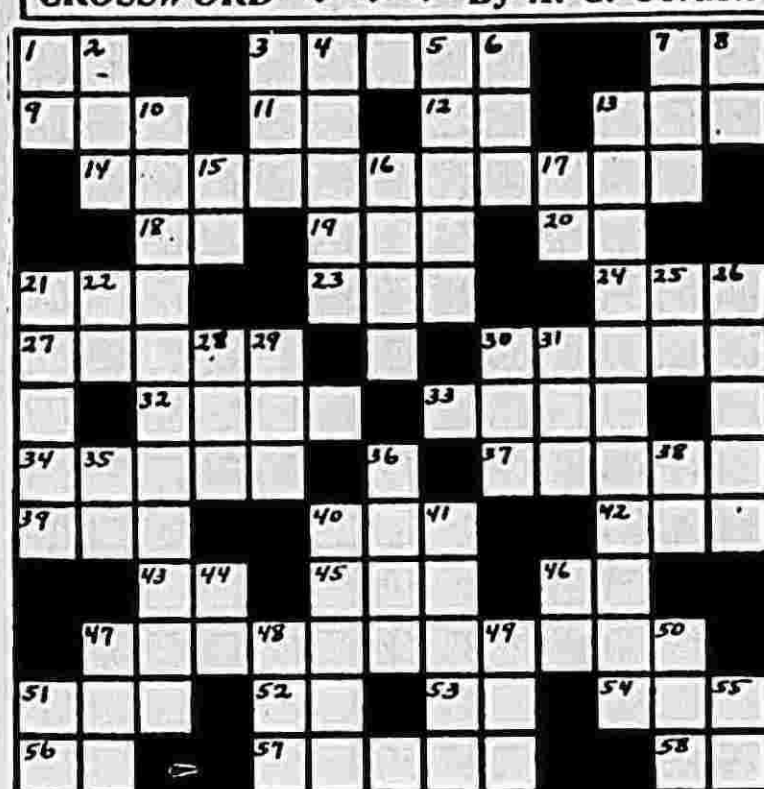

The launching of our Earth's first artificial moon is now scheduled for next year. This project, undertaken as part of the International Geophysical Year, marks man's first step into interplanetary space—and scientists are already making plans for manned vehicles to follow.

Medical scientists in particular are studying the problems which the human body will have to meet in the airless void between planets. At the School of Space Medicine at Randolph Field, Texas, U. S. Air Force scientists under the direction of Dr. Heinz Haber are testing men's reactions to heavy acceleration pressures, the possible effects of cosmic rays, and the problems of living inside a sealed environment.

One of the toughest questions of space medicine is how man will react to free fall—a situation in which he has no weight. It is possible to create such conditions on Earth for only a few seconds at a time, but in space men will be subjected to them most of the time. If the result is simply vertigo, that can be dealt with by such anti-dizziness drugs as Bonamine. But many research workers suspect that total weightlessness may result in nearly total confusion of the senses. No final answer to this question is expected until man has actually undertaken the great adventure itself.

The time is coming, faster than many people realize, however. An unmanned, instrument-carrying rocket will circle the Moon some time during the next five years, according to experts George Gamow and Krafft Ehrliche—and the man-carrying vehicle will not be far behind.

Gems of Thought

SINCERITY

Sincerity, a deep, genuine, heartfelt sincerity is a trait of true and noble manhood.—Lawrence Sterne.

Sincerity is more successful than genius or talent.—Mary Baker Eddy.

A word in earnest is better than a speech.—Charles Dickens.

All the beautiful sentiments in

the world weigh less than a single lovely action.—James Russell Lowell.

Candor is the brightest gem of criticism.—Benjamin Disraeli.

Sincerity is to speak as we think, to do as we pretend and profess, to perform what we promise, and really to be what we would seem and appear to be.—John Tillotson.

The methods of Communism are succinctly described by a top authority, Mao Tse-tung, Chief of the Communist Chinese State: "We in China ... have used force to deal with enemies of the people. The total number of those who were liquidated by our security forces numbers 800,000. This is the figure up to 1954." Since then, he added, "persuasion and education" have been substituted for terror.

Reasons why it is necessary for the Antioch Township High School, District No. 117, to ask the citizens to increase the educational and building tax rate limits.

1. The tremendous birth rate of the past several years has moved into the high school. There will be an estimated 25% increase in enrollment next year and an estimated 43% increase by 1962-63.

2. Additional teachers will be needed for instruction. The staff has been increased by 23% for 1957-58 and will need to be increased 57% by 1962-63 to keep most classes at 30 pupils. Janitors, secretaries, and cafeteria help will be added in the future.

3. Salaries have been continually adjusted for teachers and non-teaching employees to give the school a favorable level in the competitive labor market.

4. Educational and building equipment and supplies have steadily increased in cost. Increased quantities have had to be purchased. Costs have climbed in maintenance and repair.

5. Assessed valuation of the district is not increasing rapidly enough to operate on the existing tax rates.

6. The revenue derived from the September 24, 1957, levy will NOT be available until the fall of 1958. Therefore, a Board of Education must plan at least two years ahead to avoid deficit spending.

7. The maximum educational rate of 65c and the building rate of 10c were levied in 1956. This is the revenue being collected now and will be available for the 1957-58 school term. These funds will not be adequate and the Board will have to borrow to complete the fiscal year. Present tax rates are not sufficient to balance accounts in the future.

8. The high school curriculum is constantly being evaluated and improved to maintain high recognition from accrediting agencies.

THE BOARD OF EDUCATION IS JUSTIFIED IN ASKING THE CITIZENS TO VOTE TAX INCREASES BECAUSE:

1. Boards of Education have practiced economy in the past and future Boards intend to do the same. The last successful tax referendum was in March, 1947. The tax increases requested in the referendum September 7, 1957, will be sufficient for several years.

Proof of economy is reflected in the low per-pupil-costs. \$397 per child spent in 1955-56 was the lowest in the county. The per capita cost has been consistently below the median in Lake County.

2. Economy is also reflected in the low total tax rate for District No. 117. The high school rate has been one of the low-

est of the fourteen Lake County schools. The 1956 tax rates show that Antioch High ranks third low in comparative standing, with a total rate of .904.

3. For the past several years, the Boards have been sincere in practicing good business procedure, but to keep the school finances in the future on a sound basis, it will be necessary to have additional funds.

NOTICE OF SPECIAL ELECTION ANTIOCH TOWNSHIP HIGH SCHOOL DISTRICT NUMBER 117, LAKE COUNTY, ILLINOIS

NOTICE IS HEREBY GIVEN that on the 7th day of September, 1957, a special election will be held in and for ANTIOCH TOWNSHIP HIGH SCHOOL DISTRICT NUMBER 117, COUNTY OF LAKE AND STATE OF ILLINOIS for the purpose of submitting to the voters of the District the following propositions:

1. Shall the annual tax rate for the educational fund of Antioch Township High School District Number 117, County of Lake and State of Illinois be increased to .86 per cent of full, fair cash value? Supplementary Data. It is estimated that the approximate amount of taxes extendible for educational purposes under the proposed increased rate of .86 per cent is \$309,884.66; and that the approximate amount of taxes extendible for educational purposes under the present rate of .65 per cent is \$234,215.15.

2. Shall the minimum annual tax rate for the building fund of Antioch Township High School District Number 117, County of Lake and State of Illinois be increased to .1875 per cent of full, fair cash value? Supplementary Data. It is estimated that the approximate amount of taxes extendible for building purposes under the proposed minimum annual rate of .1875 per cent is \$67,562.06; and that the approximate amount of taxes extendible for building purposes under the present rate of .10 per cent is \$36,033.10.

For said election the said School District has been divided into three (3) voting precincts, the boundaries and polling places for which have been established as follows: Precinct No. 1 to serve all residents of Antioch and Newport Townships in the Antioch Township High School District No. 117. Polling Place: Antioch Township High School.

Precinct No. 2 to serve all residents of Lake Villa Township in the Antioch Township High School

District No. 117 excepting residents of the Village of Lindenhurst and the portion of the high school district that lies in Lake Villa Township east of Beck Road.

Polling Place: Lake Villa Grade School.

Precinct No. 3 to serve all residents of Lake Villa Township in the Antioch Township High School District No. 117 residing in the Village of Lindenhurst and the portion of the high school district that lies in the Lake Villa Township east of Beck Road.

Polling Place: Lake Villa Grade School Building in Lindenhurst.

The polls for said election will be opened at 12:00 o'clock noon and will be closed at 7:00 o'clock P. M., Central Daylight Savings Time of the same day.

Voters are permitted to vote in precinct of residence only.

By order of the Board of Education of Antioch Township High School District Number 117, County of Lake and State of Illinois.

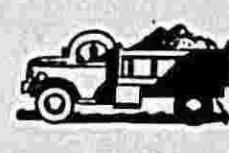

DATED this 14th day of August, 1957.

Antioch, Illinois

SOCIETY EVENTS

Wins Scholarship

Richard W. Sreh, a '57 graduate of Antioch Township High school, has been awarded a \$600 scholarship by the Employees' Scholarship Foundation of the Fansteel Metallurgical corporation and the Vascoloy-Ramet corporation.

Richard W. Sreh

Dick, who ranked first in his class of 73 students, is the son of Mr. and Mrs. Henry Sreh of Antioch. He was a star on the high school's football team and was selected all-conference fullback in the Northwestern Suburban Football conference.

His plans for the fall are to begin his studies in chemical engineering at the University of Illinois.

Air Force Reserve Holds Open House

The Waukegan Air Reserve Center, at 218 Washington street in Waukegan, will begin their fall meetings next Wednesday evening at 8:00 p. m. The 966th Air Reserve Squadron will welcome all non-assigned Air Force Reservists to this meeting. Refreshments will be served and eligible reservists are invited.

The Air Reserve program is being vitally changed and training categories are being established so that the Reservist will have the opportunity of earning pay while attending a two hour meeting 36 evenings a year.

A two week tour of active duty at an air force base will be available to the reservist, with a selection of bases for training and training time to be chosen by the reservist.

All Air Force Reservists participating in reserve training are eligible for retirement at the age of 60 upon completion of 20 years of satisfactory active and reserve service. These retirement benefits are certainly worthwhile and any reservist is invited to call at the Waukegan Air Reserve Center at any time to obtain more information, phone Delta 6-4788.

Bon Voyage, Gail

Amaya, Venezuela, is the destination of Miss Gail Deitrick, the daughter of Mr. and Mrs. K. F. Deitrick of Winsor Drive, when she leaves Chicago tomorrow by air. Her route will include stops at New Orleans, Havana, Cuba, and Caracas, Venezuela, and she expects to arrive in Amaya, where she has been engaged by the Creole Oil Company to teach first grade, by 11 a. m. Saturday.

Miss Deitrick was a first grade teacher in the Antioch Grade School this past year.

Recent parties in her honor include a dinner at which the Einar Petersens and the Clarence Olsons were hosts at the Petersen home and two Sunday picnics, one given by the Ray Bruhns and the Robert Jensens and the most recent one at which the Dr. J. W. Kopriva and the Dr. Carol Tossey families entertained.

Shepard Returns Home

After spending several weeks in Victory Memorial hospital in Waukegan, H. E. Shepard of Antioch has returned to his home.

Mr. and Mrs. Jesse Close and daughters, Barbara and Dorothy, returned Monday from a ten day camping trip in the northern peninsula of Michigan in the Lake Superior area.

Annual Trip to Mooseheart To Be Taken September 25 By Women of the Moose

Mrs. Julia Kapheim from North Chicago Chapter No. 378 was a guest at the monthly meeting of the Women of the Moose held at the Moose home August 15th. Forty-eight co-workers were present and new candidates were balloted on.

It was announced by Mrs. Bernice Kolar, Junior Regent, that the annual trip to Mooseheart will be held on Wednesday, Sept. 25.

The State Conference of the Women of the Moose will be held in Chicago at the Morrison Hotel on the 27th, 28th and 29th of September.

The Child Care committee is having a spaghetti dinner on August 25th, from 1 p. m. to 5 p. m. at the Moose Home.

Ritual practice will be held in the Moose Home at 8 p. m. on Aug. 29 for officers, appointed officers, chairmen and escorts.

Tuesday Sure Was Stork's Busy Day

Mr. and Mrs. Peter Matteoni, Jr. are the parents of a baby girl, Marie Ann, born Tuesday, August 20, at Victory Memorial hospital. Their little bundle of joy weighed in at 8 lbs. 5 ozs. Mrs. Matteoni is the former Marge Haling of Antioch.

Mr. and Mrs. Joseph Klopp of Antioch became the parents of a baby daughter born Tuesday at Victory Memorial hospital in Waukegan.

Cynthia and Wayne Mortensen, ages 8 and 5 respectively, have a new little brother, Mark Chris, born Tuesday, Aug. 20, in the Victory Memorial hospital. Mr. and Mrs. Kenneth Mortensen are the proud parents of the baby weighing 8 lbs. 9 ozs.

Mr. and Mrs. James Doll of Antioch are the parents of a baby boy born Tuesday at Victory Memorial hospital.

Mr. and Mrs. Floyd T. Collier of Lake Villa are the parents of a baby boy born Tuesday in St. Therese hospital, Waukegan.

New Baby at Carlucci's Home

Dr. and Mrs. Richard Carlucci are the parents of a baby girl, born Tuesday, Aug. 20 in the Victory Memorial hospital in Waukegan. The baby, Colleen Sue, weighs 6 lbs. 2 ozs. She has two sisters and a brother.

Leslie Schlunz, the son of Mr. and Mrs. Ernest Schlunz of Petite Lake, was admitted to Mt. Sinai hospital in Chicago Monday to undergo a general check-up. He is expected to remain there a week to ten days.

Rainbow Girls Attend Reception

A reception was held in Rockford, Ill., Monday, August 19, for Mrs. George Birr, the mother advisor of the Antioch Rainbow for Girls. Mrs. Birr was accompanied by the following girls: Donna Gibbs, Diane Mantis, Peggy Cardiff, Nancy Scott, Siggie Peterson, Marilu Bushing, Carolyn Stoffel, and Mrs. Mantis, Mrs. Gibbs, and Mrs. Hunter.

Next Monday night will be "Friends Night" and a reception will be held for Siggie Peterson who is on the grand executive board.

To Be Married Saturday

Miss Laurianne Aline Gauvin, the daughter of Mr. and Mrs. Lawrence H. Guavin of Pawtucket, Rhode Island, will be married to Bernard Cosgrove, the son of Mr. and Mrs. Joseph L. Cosgrove, Sr., of 387 Lake Street, Antioch, Saturday, Aug. 24. The nuptials will take place in St. Cecile's church in Pawtucket.

Mr. and Mrs. Donald Francisco, Jr., and family returned recently from a visit at the summer home of Mrs. Francisco's mother, Mrs. Mabel Ott on Lake Erie near Huron.

Wallenwein Elected To High Moose Office

Henry F. Wallenwein, a resident of Waukegan and secretary of the Greater Chicago Moose Lodge was elected to the Moose fraternity's second highest elective office, that of Supreme Junior Governor, yesterday at the Masonic Temple auditorium in Spokane, Wash.

Wallenwein has served his fraternity for more than 30 years, one-third of this time as secretary of the Chicago Lodge No. 3. He holds the Pilgrim Degree of Merit, the highest honor the Moose fraternity can bestow, and he has served three terms as Supreme Councilman and one year as Supreme Prelate.

Ralph A. Villani, former Mayor of Newark, N. J. was elected to the top Moose office, Supreme Governor.

Sue Wolfenbarger, who is working on the staff of the National Cheerleading Association returned here from Dallas, Texas, last weekend to be a member of the wedding party of Sue Kopach and Robert Banasack. She will return to Illinois State Normal University to continue her studies in September.

Mrs. Emma Roblin returned home Friday, after spending a week at Lincoln, Joliet, visiting relatives.

Receives Master's Degree

Paul Clawson received his master's degree of science in geology at the Montana State university recently. He is the husband of the former Marlene Wertz of Antioch. Mr. Clawson will start work in September as an assistant geologist for the International Minerals and Chemicals Corporation in Chicago.

Bowling League Meets Aug. 29

The Bi-State Bowling League of the Antioch Recreation center will have a pre-season meeting at the center on Rte. 173 Aug. 29 at 8 p. m. Representatives from each team are asked to be present.

The league intends to begin bowling Sept. 5.

The Order of the Eastern Star will hold its first regular meeting of the season tonight (Thursday) at 8 p. m. at the Masonic Temple.

These Are Bare Facts Of What Could Happen If You Aren't Careful

We just thought you'd get a kick out of reading about the hefty St. James, Minn., railroad worker who sneezed and lost his pants while atop a tall ladder.

The Watonwan County Plaindealer describes it like this:

"The chubby 'rail' was high on a ladder against the house . . . when he sneezed. The sneeze broke his belt and his trousers slithered to his ankles.

"One neighbor said Expose magazine would have paid plenty for a picture of that, for the victim had forgotten his shorts and made a prime target for mosquitoes.

"Our railroader was in such a position that he couldn't climb up or down, and couldn't grab his pants. He had to call for help, and apparently didn't trust the extra weight on the ladder, because his wife tried to push his pants back up with a stick.

"Witnesses became lost in laughter at this point, and admitted they don't really know how the guy got his pants back on, or down from the ladder.

"Moral of the story is apparently wear both suspenders and belt, and shorts by all means, if you are susceptible to sneezing while elevated to the public view."

State Plowing Contest Field Day, August 30

The 1957 Illinois State Plowing Contest and Conservation Field Day will be held on Friday, Aug. 30, at Colleen's Cote Farm, northwest of Huntley, Ill. In addition to the soil conservation events, entertainment will be presented during the day, it was said by Willard Cook, DeKalb, president, Illinois State Association of Soil Conservation Districts.

The exact location of Colleen's Cote farm is west of Illinois Hwy. 47 and 4 miles north of Huntley.

Card of Thanks

We wish to thank our relatives, neighbors and friends for their kindness shown to us in the loss of our husband, father and grandfather. We also wish to thank Rev. Ross Ludeman.

Mrs. Clarence Wedge and Family

Mr. and Mrs. E. W. Kufalk, daughter Kathleen and Miss Elaine Melosi returned Sunday from a two weeks visit with Ens. and Mrs. Charles Guthrie of Pensacola, Fla.

Chief Deputy Named

Frank (Fritz) Kazlauskas has been named acting chief deputy sheriff to serve during the absence of Norris Froelich, who is attending school at the FBI academy in Washington. The FBI school is regularly attended by police officers from throughout the county.

Window Block Makes Meter Reading Easy

The Northern Illinois Gas Co. has the "answer" for customers who are away when the meter reader calls. It is a glass block, either 8 or 10 inches square, through which the dials on the gas meter may be easily read from outdoors. The glass blocks are available free from the gas company for installation in new or existing homes. Customers must make their own arrangements for installation of the block, but the gas company will make necessary meter connection changes without charge.

This Mary Lane coat which is purest classic in all its well-bred simplicity in front has a surprise in store when you turn around! The wings of the collar cross and are held in place by twinkling jeweled buttons. Deep pleats fall from shoulder to hem to give you full freedom of motion. Antioch Grade School Opens With Registration Tuesday, September 3rd

School opens for registration in the Antioch Grade School on Tuesday, September 3rd, starting at 8:45 A. M., and closing at 11:00 A. M. for the children, but teachers will remain for an afternoon workshop period, to be held in the gymnasium from 1:00 to 3:00 P. M.

The cafeteria will be in full operation on the second day of school, September 4. The charge per meal will be 25c, and with 10 school days in September, the charge for this month will be \$4.75. Parents are urged to pay for children's lunches by the month, in advance, in order to relieve the teachers of excess bookkeeping.

All kindergarten and first grade students enrolling in this district for the first time must present birth certificates as proof of age. Children residing in District 34 are eligible to attend Kindergarten if their fifth birthday is on or before December 1, 1957, while those who will be six on or before December 1, 1957 may be enrolled in the first grade. Kindergarten children will register the first day in two shifts at the scout house, where their classes will be held this year. Those who live outside the Village of Antioch will attend the morning session starting at 8:45 A. M., to 11:15 A. M., and will register Tuesday morning. Those living within the village limits will attend afternoon session starting at 12:30 P. M. to 3:00 P. M., and register Tuesday after 1:00 P. M. Parents may take their Kindergarten children home immediately after registering them on the first day. The Kindergarten fee will be \$7.50 for the year, which includes: insurance, milk, cookies, and all incidentals for the year.

Class lists will be prepared and posted outside the door of each classroom. A new student's name will not appear on any list until he has registered in the office, and a registration card has been delivered to the classroom teacher.

Kindergarten and children from new families that have moved into the community are urged to register at the grade school office before Sept. 3. The office is open Monday through Friday, from 8:30 A. M. to 3:30 P. M.

The enrollment is again bursting at the seams. All available space in the old building has been pressed into service for the coming year.

One section of the fourth grade will be conducted at the former Oakland School. The fourth graders who will attend this class are those who live to the south and east of Antioch, those fourth graders living in the former Oakland district, those living in Deep Lake, Crooked Lake, East and West Loon Lake, and those living south of 173 on the Deep Lake road. These fourth graders will have their day of school conducted entirely at the Oakland School. It will be necessary, after the first day of school, for these children to take their lunch to school, as there will be no cafeteria in operation at this location. Arrangements are being made for special teachers to serve this class in their own building instead of bringing the children into Antioch for special classes.

All bus schedules will be announced next week.

The Horace Mann Pupil Insurance will be offered each student for a yearly charge of \$1.50. The child is insured against accidents while at school, or traveling to and from school.

The faculty for 1957-58 is as follows:

Kindergarten, Mrs. Alice Brown.
First Grade: Mrs. Ruth Baethke, Mrs. Esther Wilton, Mrs. Laura Horton.

2nd Grade: Mrs. Eleanor Kufalk, Miss Judith Panknin, Mrs. Lucille Whitacre.

3rd Grade: Mrs. Shirley Edwards, Mrs. Wilma Wilson, Mrs. Wanda Barthel.

4th Grade: Mrs. Fanny Yates, Mrs. Ruth Liddle, Mrs. Katherine Cain.

5th Grade: Mrs. Donna Barhyte, Mrs. Belinda Dittman, Mr. Robert Willrett.

6th Grade: Mrs. Hester Garland, Mr. Leland Turner.

7th Grade: Mrs. Edna Becker, Mr. Harrison Brown.

8th Grade: Mr. Ernest Gilroy, Miss Loretta Kuligowski.

Special Teachers:
Mrs. Mary Bruski—Physical Education
Miss Kay Dunlop—Speech Correction
Mrs. Margaret Aschenbrenner—Music

Mr. George Olisar—Band.
School Secretaries: Miss Marcia Hogan; Miss Gwyn Pierce.

Superintendent: Mr. Richard Whitacre.

Sports Car Race—500 Miles
Elkhart Lake, Wis.—The first 500-mile race in the history of sports car racing will be run on Road America here Sunday, Sept. 8. It will climax two days of colorful racing beginning Saturday, Sept. 7. This super event will be called Road America 500, and will start at ten o'clock in the morning.

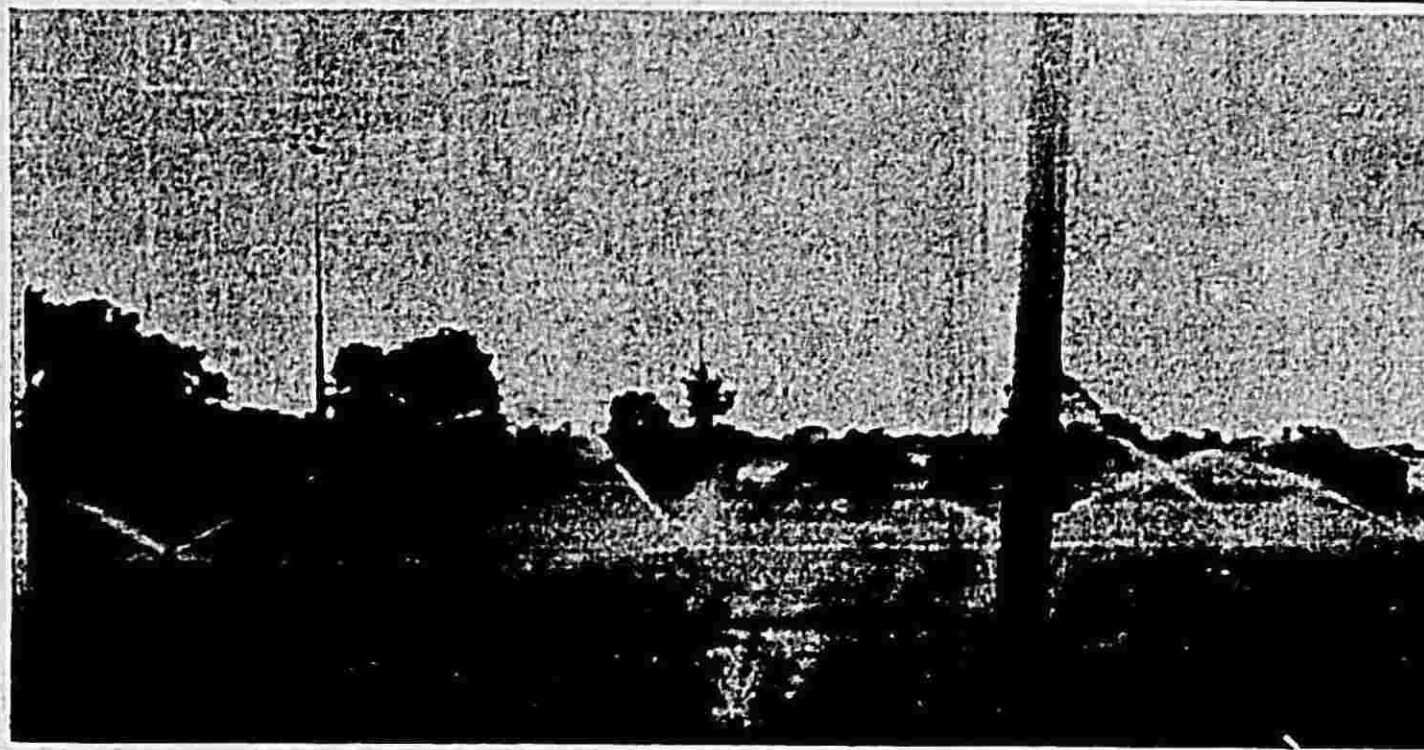

"Women just wouldn't get everything said if they spoke one at a time."—Arnold Glasgow.

Football Hopefuls Line Up For Equipment

Another season of football started shaping up at the high school this week, with the issuance of equipment. Left to right, above, are James Denton, senior, guard; Robert Walther, new football coach; Dave Mitchell, senior, tackle and one of the three co-captains, and his brother, Phil, sophomore, tackle.

New Sprinklers Keep Football Field Green

The new sprinkling system on the high school football field shown in operation here, has done away with that "brown look" that was previously so familiar. The system was purchased from a gardner who went out of business.

Registration For New High School Students

Frank Denison, new guidance director at Antioch Township High School, above conducts examinations for new students in the community. Registration is being held at the school this week.

Broken Gas Mains Are Potential Hazard Gas Company Warns

A stepped-up program urging contractors and others engaged in construction work to call Northern Illinois Gas Company for pipe locations before excavating has been announced by the utility.

"We are seriously concerned," E. D. Sheehan, vice president in charge of operations said, "by the sharply increased number of cases involving damage to gas pipes that could result in accidents and have directed our personnel to go all-out to get the cooperation of contractors working in the area."

"Our records show that during the past six months there have been more than 500 cases throughout our service area where gas pipes were pulled from the ground, broken, or otherwise damaged, thus creating a potential hazard."

"We stand ready at all times," Sheehan emphasized, "to furnish the location of our gas mains without charge."

It has been the practice of the utility to notify contractors by letter each year of this problem. Also, the gas company's field men are now passing out cards urging on-the-job cooperation of contractors and their employees.

In addition, special stickers listing local gas company telephone numbers that can be called to obtain gas pipe location information have been supplied to municipalities. These are being attached to digging permits issued by municipalities before work is started.

"We are grateful to the municipalities we serve," Sheehan said, "for their efforts to protect the public by helping to secure the cooperation of those who excavate."

To enjoy a harvest you must first plant the seed!

Chicago Retail Food Markets August 19-24

CHICAGO—Indications at live and wholesale food markets point to a turn-away from high level retail food costs.

The expected downturn may come as good news just as official indexes show the cost-of-living at record highs.

The University of Illinois consumer service weekly survey of metropolitan food costs detects certain seasonal influences and an element of disorganized marketing that prevails particularly coming drops in meat costs, while also keeping some selected dairy items down.

One important marketing factor involved is large non-government carryover poultry stocks in general and turkey in particular. Dairy products, such as eggs, Swiss cheese and butter, also provide buyer advantages and slightly lower market levels as storage stocks are well over year-old levels.

More specifically, frying chickens are typical of the continuing low price values in poultry. Adequate current receipts are also back-logged by cold storage and frozen holdings of poultry up 25 per cent from a year ago. There are 80 per cent more turkeys and 34 per cent more midwest held eggs than this time last year.

Statistically, there is 40 per cent more Swiss cheese in storage, 9 per cent more of other kinds of cheese and 24 per cent more butter stockpiled than last year at this time.

For the second straight week, live hog prices fell with wholesale market quotes for loins dropping, too. Retail prices begin to follow suit, previewing normal seasonal price trends.

Although tangible signs of these situations will not be noted across the board by consumers for a few weeks, they do provide a buyer cushion that is apparent this week ending August 24.

In this week's value parade reported by the U. of I., frying chickens retain the top contender spot without serious competition for another week. Beef does not show on the value listing principally due to continuing steady high level prices. Instead, pork loin roasts, reflecting sagging fresh pork prices, and lamb leg roasts, backing up in some supply lines, re-appear for the first time in many weeks at slightly lower prices.

Large eggs, Swiss cheese and butter are values as noted. Small eggs, however, are significantly short supplied for this time of year, indicating higher egg prices to come.

In fresh fruits and vegetables, cantaloupes, honeydew melons, peaches and plums are on the list, as are sweetcorn, onions, tomatoes, (improved as predicted during the past two weeks) and cabbage. Grocery lines remain little changed.

Van Patten of Antioch, at the Victory Memorial hospital in Waukegan Saturday afternoon. She has been a medical patient there since Friday.

Mr. and Mrs. William Hallada and children from Port Washington, Wis., visited Mr. and Mrs. Harrie Tillotson on Saturday. Mrs. Tillotson returned home with them for a week's visit.

Mrs. Carl Zello and son, Tony, and friends, Mr. and Mrs. Frank Baake from Milwaukee were Sunday dinner guests at the home of Mr. and Mrs. Richard Wells.

Mr. and Mrs. Will Thompson called on Mrs. Bruce Dalgaard at Antioch Tuesday afternoon.

Mrs. Curtis Wells accompanied Mrs. Donald Andersen and Mrs. Emil Hallwas of Antioch to Zion Sunday afternoon where they called on Mrs. Florence Pullen at the Redell Nursing home.

Mr. and Mrs. Bert Edwards announce the arrival of their 14th grandchild. A son "David Brian," was born to Mr. and Mrs. Norman Edwards on Friday, Aug. 16, at

Victory Memorial hospital in Waukegan.

A family reunion was held at the Bert Edwards home on Sunday. Harold and his family were unable to be there. The Ward Edwards family from Rockford were present. Their son, Dick, has just completed his nine weeks of basic training at Fort Leonard Wood, Mo. He is home on leave before going to Fort Lee, Va.

Mr. and Mrs. Bob Erwin and Mrs. Eva Alling of Waukegan were Sunday afternoon callers at the Bert

Edwards home.

Wallace and Otto Ames of Fox Lake accompanied their brother, Rod Ames in his airplane to St. Louis, on Saturday. They had lunch at the airport. Otto's daughter, Linda, who had been visiting near St. Louis, returned home with them.

Mr. and Mrs. Wayne Finkel from Frankfort, Ind., spent the week-end

with the Oscar Finkel family.

Miss Lillian Strahan celebrated her birthday on Wednesday, Aug. 14, with a picnic supper on their lawn. Two nurse friends came from St. Francis hospital in Evanston. Mr. and Mrs. William Lux and daughter, Eileen and two nurse friends, Mrs. Jacobs and Mrs. Christian, came from Waukegan and Mr. and Mrs. William Strahan and

children from Antioch.

Mrs. Curtis Wells and Mrs. Rod Ames visited Mrs. Harold Butler and family in Waukegan on Thursday afternoon.

John Van Patten and Jimmie Hunter accompanied the Gerber family to Williams Bay on Saturday afternoon. Jim Gerber returned home after spending the past week at the Bible Camp at Williams Bay.

Mr. and Mrs. Robert Clark spent the week-end at Sturgeon Bay, Wis.

Mrs. J. Kalut and Mrs. Frank Edwards with Miss Marion Edwards of Libertyville drove to Highland, Ind., and were dinner guests of Mr. and Mrs. Andrew Wagner, and also were callers at the home of Mr. and Mrs. Wm. Heintz of Lansing, Ill.

Mr. and Mrs. Vernon Stahnke and daughters of Arlington Heights and Mrs. Lyman Bonner, and daughters were supper guests at the L. S. Bonner home Sunday evening.

Mrs. L. J. Slocum of Waukegan spent the week-end with her sister, Mrs. Ida Truax.

Mr. and Mrs. Don Voightlander and son, Mickie, of Kenosha, Wis., were guests at the Herbert Prange home Sunday.

Mr. and Mrs. Clayton Engh and daughters of Wadsworth called on their mother, Mrs. Harley Clark, Saturday evening.

Barbara Clark, daughter of Mr. and Mrs. Robert Clark, spent the week-end with her aunt and uncle, Mr. and Mrs. George DeHaan of Waukegan.

Blanchard Weaver and son, Dee, of Winthrop Harbor were callers at the Herbert Prange home Monday.

Mr. and Mrs. Elmer Hauser and children of Beech were callers at the home of Mr. and Mrs. Frank Hauser Sunday afternoon.

Miss Judy Paulsen of Evanston Hospital spent the week-end with her parents, Mr. and Mrs. William Paulsen.

Mr. and Mrs. Austin Anderson of Kenosha were callers at the home of Mr. and Mrs. Herbert Prange Tuesday afternoon.

Picnic dinner guests of Mr. and Mrs. Milton Bauman on Sunday were Mr. and Mrs. Russell Doolittle and children of Hickory, Mr. and Mrs. Vernon Stahnke and daughters

of Arlington Heights, and Mr. and Mrs. James Bonner and children of Kansasville, Wis.

Miss Dolores Davis was a caller at the home of Mr. and Mrs. Herbert Prange Monday afternoon.

Mr. and Mrs. William Paulsen spent a few days last week at Lake Ripley, Wis.

Judy, Margaret and Billy Paulsen, and Allen Bromstad spent last week at Tower Hill, Sawyer, Mich., July Paulsen and Dolores Davis as counselors.

Richard Prange, Scout Troop 92 of Antioch, spent 11 days at Deer lake on a camp out. He was head leader of his troop.

Ronnie, Susan and Lynn Edwards of Libertyville spent Monday with their grandmother, Mrs. Frank Edwards.

Illinois Tax Facts

Voters of Illinois will have the opportunity to vote on two amendments to the Illinois constitution at the November election in 1958. These amendments, submitted by the 70th General Assembly, propose to amend the judicial and county officers' articles of the constitution.

The judicial amendment would give the state an integrated court system in which all judicial powers would be vested in three levels of courts: the Supreme, Appellate, and Circuit Courts. In lieu of other existing courts there would be divisions of the Circuit Court—the only trial court.

The Supreme court would consist of seven justices, as at present, but with three elected from Cook county and two from each of two different

downstate districts. The Supreme court would exercise extensive administrative powers over the court system as a whole.

The Appellate court would have four districts. Cook county would be one of these districts while the rest of the state would be divided into three districts, with present boundaries being retained until changed in the future law. For the bulk of litigation the decision of the Appellate court would be final.

The present Circuit court would continue until changed by law, but with each county always having at least one associate Circuit Court judge. The minor judiciary would be merged into this Circuit court as magistrates thereof. Incumbent clerks of all courts, the bailiffs of the Chicago Municipal court, and other non-judicial personnel will

continue in office until the expiration of their terms. Thereafter, the General Assembly will provide for the selection, term, removal and salary of such officers.

All judges would be licensed attorneys, devoting full time to their duties. The present system of electing judges would continue until changed by law. Any future fundamental change in the method of selection would require a 2/3 vote of both houses of the legislature and ratification by a majority of the electors voting on the proposition.

The amendment to the "county officers' article" of the Constitution would permit the electors of a county, if they so desire, to re-elect their sheriff or treasurer, and thus to benefit from training and experience possessed by an incumbent.

Health Talk

THAT FIRST TRIP TO SCHOOL
Mr. and Mrs. Parent, is your child ready for his first trip to school? Have you prepared him emotionally for his departure from babyhood and have you seen to it that he is physically fit to cope with that new world—the strange happenings of his first entrance into school life? If you have not done these things you, as a parent, may yet have time to help your youngster prepare for the adjustments necessary to meet the challenges of his new school activities, the Educational Committee of the Illinois State Medical Society points out in Health Talk.

Not all children are alike, either in appearance or mental achievement. Not all children have been brought up under the same environmental patterns. Some youngsters of school age are vivacious and "full of pep"; others are shy and reticent. But nearly all children have the same undercurrent of eagerness and interest in the mysteries of the school room. Yet, if they have not been prepared physically and emotionally for the new life, trouble can lie ahead.

Has your child had a physical examination by the family physician? Are you certain that the listlessness of the last few weeks, or perhaps a few months ago, which now since has disappeared, is not due to some physical disturbance that could be corrected easily before he begins school. Are you certain that the squint that appears when he looks at the comics or his books of make-believe is not due to some defect in vision? This correction could be the one procedure that would prevent your child from being classified as "dull" in his first days at school. If he can't see the patterns on the blackboard, naturally he can't understand them. The world of explanation of the teacher may register on the child's brain but visually they are meaningless. And then there is the child whose sight is normal, but who fails to hear. Is this child, too, to be classified as "dull" when a physical examination would have paved the way for correction of this defect?

And the child's teeth? Are they in good condition? Or are you one of those parents who say, "They're only baby teeth" and so defer the trip to the dentist? This is unwise, because careful attention to these

baby teeth will be the means to insure good placement when the second teeth make their appearance.

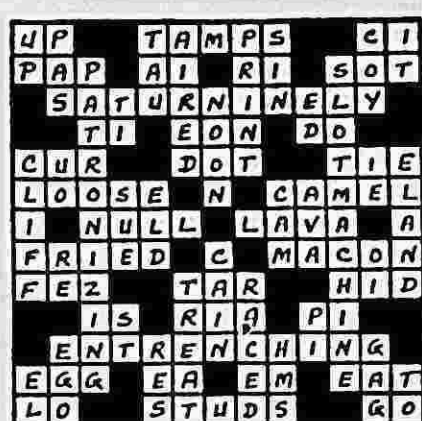

Have you told your child that the teacher will guide him during his school hours and that he should confide in and trust her? This understanding before he enters school will very often help the child in adjusting to school routine. And have you explained that it is fun to be with the others of the same age, boys and girls alike, mingling and vying with one another in the same games and lessons?

Think it over, Mr. and Mrs. Parent. You will feel a pang of sorrow that first day of school, for it is the start of a new life as your child begins his road to adulthood. Understanding this, give the youngster every possible help—a good physical examination to prevent, first of all, and correct, if needed, any condition that may retard him in his school activities.

If properly prepared, that first day of school can be a joyful event. Let your physician and dentist cooperate with you, the parent, in launching your child into the new and exciting school life. There is no wealth such as good health. You can give it to your child.

A writer in the Journal of the American Medical Association has this to say about weight-reducing drugs: "No known drug or compound may safely be taken without medical advice to cause loss of weight. The word 'safely' deserves emphasis, since some drugs, which have succeeded in taking off pounds, have had the disadvantage of making some people blind and killing others."

To avoid spilling paint when painting from a stepladder, secure a gallon can to the top of the platform, and set your paint can inside.

Just Back
From Vacation?

Jewel planned these
Values Especially
for you!

It was a wonderful vacation but somehow you spent more than you had planned. Now the problem is stretching your food budget until that first after-vacation paycheck comes in.

The answer's as near as your neighborhood Jewel. To help you get your budget back to normal, we've planned many, many values for you this week — every item on this page is a real buy!

After vacation or before — you can do better at Jewel. Compare your register tape with the quality and amount of groceries you take home, and you'll see why.

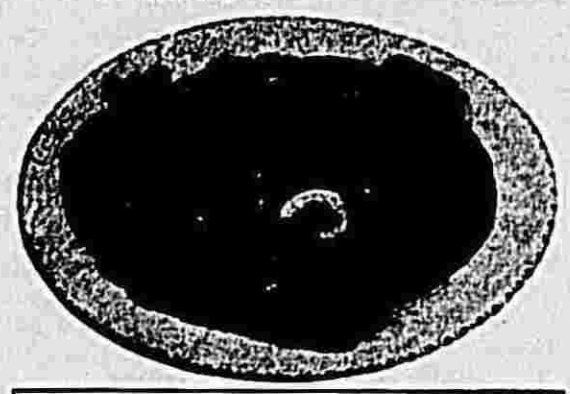

Have a Jewel E.V.T. Steak this Weekend!

No more than 1/4 inch of fat is left on a Jewel Round Steak — that's just the right amount for tender, juicy cooking. Best of all, you're paying only for the meat you can eat!

Antioch High School To Start Year With Staff of Thirty-Two

There will be thirty-two teachers reporting to the Antioch High School September 3 for a teacher institute program. The program will consist of opening remarks by Principal Albert Dittman, and a one-hour discussion directed by Dr. E. T. McSwain, Dean of the School of Education at Northwestern University.

After a short social hour in the cafeteria, the group will discuss the daily schedule and receive classroom supplies. New teachers will report to Principal Dittman in the afternoon to discuss routine school matters, while other teachers will prepare their classrooms for opening day September 4.

The staff and subjects to be taught are listed:

William Baird—American History; Carol Bem—Spanish and Dean of Girls; Barbara Best—General Science and English; Patricia Board—English; Donald Chiappetta—Librarian; Louis Chenette—Instrumental Music; James Corrigan—English; Donald Cramer—Mathematics; Nancy Denby—English; Frank Denison—Vocational and Educational Guidance Counselor; Josephine Diethelm—Mathematics; Nary Donovan—Girls' Physical Education.

Elmo Edwards—General Science and Physics; Lorraine Frantz—Girls' Physical Education and Typing; Stuart Good—Industrial Arts; Bethsebe Hosken—Mathematics; Patricia Howard—English and Speech; William Johnson—World History and Biology; Ward Lear—Business Education; Lawrence Leon—Boys' Physical Education; Ruth Poczekaj—Latin and English; Warren Polley—Assistant Principal and Dean of Boys.

Eloy Robinson—Chemistry and Biology; Dorothy Romoser—Homemaking; William Romoser—Industrial Arts, Driver Training; William Seemann—General Science and Biology; Esther Slavin—Business Education; Kenneth Smouse—Vocal Music and English; Melvin Stillson—Industrial Arts; Jeanette Tulumello—History; Kathleen Walther—Homemaking; Robert Walther—Boys' Physical Education and Driver Training.

Former Resident

H. R. Taylor Dies

Harvey R. Taylor, 60, a former resident of Antioch passed away yesterday morning at the Woodstock Memorial hospital following a short illness.

Mr. Taylor was born December 8, 1896 in Chamberlin, South Dakota and lived in Antioch for some years before moving to Genoa City, Wis., where he resided until his death.

He was married to Edith Eddy March 14, 1918 in Woodstock.

A veteran of World War I, Mr. Taylor served many years in the finance office of the Sponholtz-Deignan post No. 183 of the American Legion. He was employed by the Genoa City school system.

Survivors are his wife, two daughters, Mrs. Gordon Wellman of Genoa City, and Mrs. Frank Holly of Woodstock, two sons, Howard, at home, and John, of Lake in the Hills, Ill., three grandchildren, and one brother, John, of Owen, Wisconsin.

He is preceded in death by one son.

Funeral services will be held at 1:30 Saturday at the Haase funeral home in Genoa City, the Rev. Raymond Baldwin officiating. Interment will be at Hillside cemetery, and graveside military services will be conducted by the above-mentioned American Legion post.

Friends may call after 2 p. m. tomorrow (Friday).

Post Office Jobs

Open To Applicants

Joseph A. Connor, Director of the Seventh U. S. Civil Service Region, announced today that his office is accepting applications for the positions of Substitute Clerk and Substitute Carrier for duty in the Antioch, Ill., post office.

Starting pay is \$1.82 an hour, with opportunity for advancement.

Applicants must reside within the delivery area of the Antioch post office or be bona fide patrons of that office.

Applicants must have reached their 18th birthday on or before date of filing application. There is no maximum age limit.

A written test is required to determine eligibility.

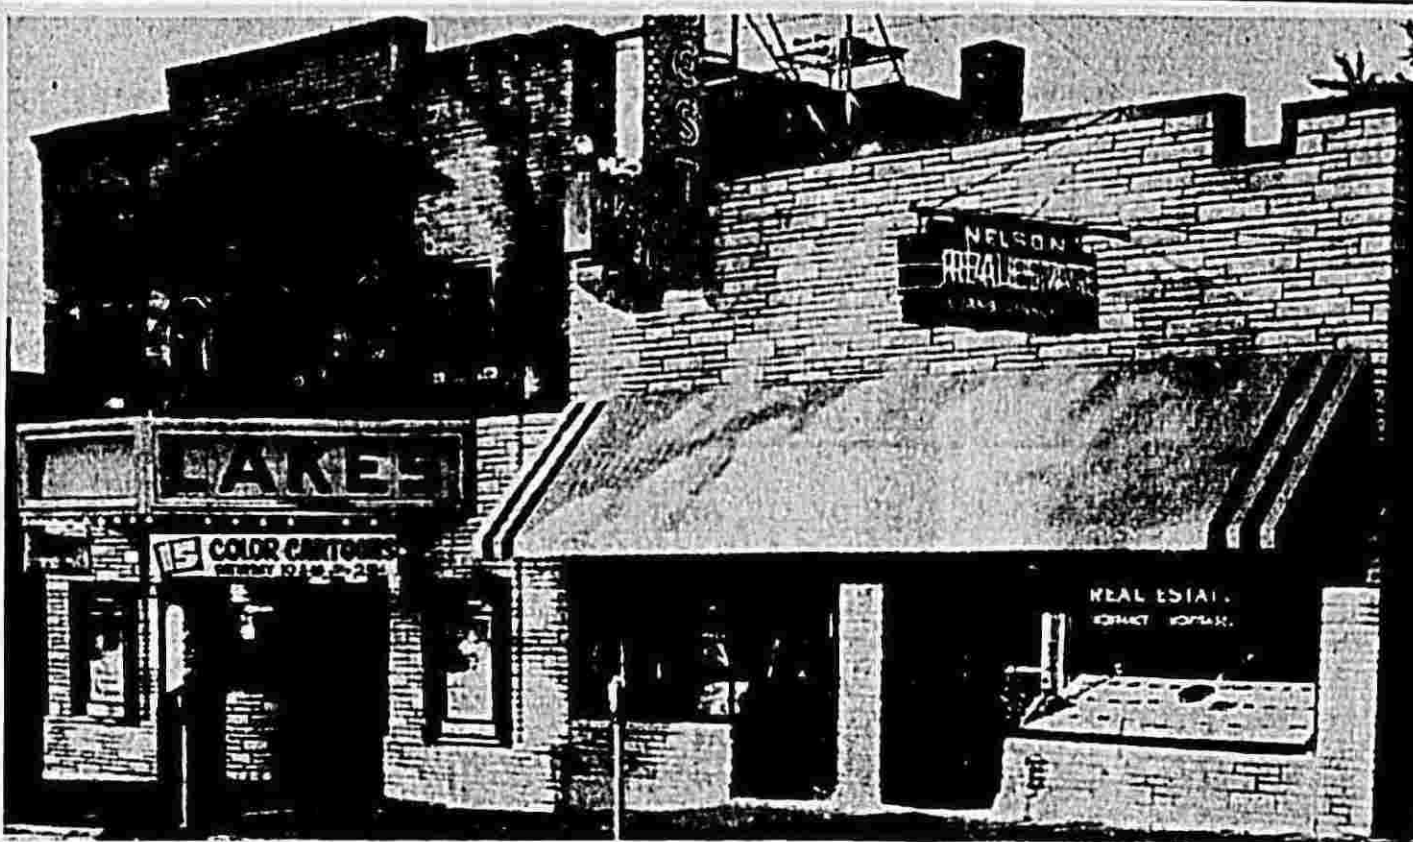

Applications must be filed with the Director, Seventh U. S. Civil Service Region, New Post Office Building, Chicago 7, Illinois, and will be accepted until further notice.

Further information and application form may be obtained at the Antioch post office on Lake street.

\$200,000 Bowling Alley

A new bowling alley costing \$200,000 and containing 16 lanes is to be built at Harvard, Ill. Louis Pickus of Waukegan is the general contractor and Lake County Heating of Antioch will install the heating and air conditioning at a cost of \$12,000.

Business District Gets That "New Look"

A new look has been given the north end of the business district, with the addition of simulated stone fronts to buildings housing the Lakes Theater, Thebest Vacation Blind Co., and Nelson's Real Estate.

Baseball at Kenosha to Feature Girls vs. Men

KENOSHA—Girls vs. men on a baseball diamond?

That's right! That's the attraction being offered at Kenosha's Simmons Field tonight (August 22) when the city's top amateur club, the Kenosha Chiefs, close their 1957 season with an exhibition game against the All-American, World Champion Girls' team of Omaha, Nebr.

The game will start at 8:30 p. m., following pre-game entertainment at 8 o'clock.

The Chiefs recently won the Kenosha County championship by posting a pair of close victories over Wilmet's District Semi-Pro champions.

The All-American Girls' team includes players who starred in the now defunct All-American Girls' Softball League. The Kenosha Chiefs and Racine Belles were members of that circuit but, now, the girls have switched their talents to baseball and it's surprising how they manage to play top amateur and semi-pro teams on almost-equal terms.

The only advantage given the girls is the trading of batteries. Jack Pregenzer, Antioch star who hurls for the Chiefs, or another Chiefs hurler will pitch for the girls' team and the Chiefs, in turn, will use the girls' pitcher and catcher.

Tickets will be available at the gate.

Channel 11 To Increase Power, Improve Picture

"Watts up? More power to you from Channel 11 September 3!"

This is WTTW's slogan for its five-fold power boost, which will go into effect Tuesday afternoon, September 3. On that day the educational station will increase its operating power from 55,000 watts to 275,000 watts, making its signal comparable to that of Chicago's four commercial stations. The boost will improve WTTW's reception within the city and will extend the reception area an additional 10 to 15 miles, making present fringe areas much clearer.

New fall programs scheduled are nine credit courses presented by the Chicago City Junior College; a weekly series of French language lessons; "Magic Doorways," a children's program, and "Tomorrow's Adults," a parent-education series. In addition, "Ticker Tape," the investment series will resume in September.

Continuing as presently scheduled are "World Spotlight," a background news show; "All Things Considered," the University of Chicago's round table discussion show; and "Time for Religion."

Hearings on Tax Relief To Be Held in Chicago

Representative Marguerite Stitt Church is happy to announce that the Senate Select Committee on Small Business has agreed to hold hearings in Chicago on the impact of Federal taxation on small business.

It is hoped that this study will result in new legislation to bring tax relief to small business, which will be introduced early in 1958.

Representative Church, who has been increasingly aware of the unfair burden of taxation imposed on small business, has introduced one corrective measure, H.R. 5639, in this session of Congress. Tax relief for small business is urgently needed and it is evident that additional hearings will help ensure that action now to be taken will actually bring the necessary relief.

It is hoped that the hearings will not only permit a re-examination of the impact of Federal taxation on small business but will acquaint the small businessmen of the country with the various relief measures under consideration by the Congress, so that their opinions, criticism, and recommendations may be used in drafting an all-inclusive small business tax bill.

It is anticipated that the hearing in Chicago will be held during the week of November 11, 1957. Those wishing to testify should notify Mrs. Church at her Washington office, Room 1530, New House Office Building, Washington, D. C.

Abbreviations Confusin' But, Cldn't Hppn in Ant.

An amusing anecdote from a telephone subscriber in Commerce, Iowa, in reaction to the abbrevia-

tions used in his telephone directory.

He wrote: "Gntmn: Yr abbr of our town in yr br new tel drectry is unfr, unclr, unplt, 'n uncesry." Said the telephone company: "Sms qte clr to us 'n has a rsn: kps the bk frm gtg so bg 'n hvy."

This may never happen in Antioch, but "cld b."

Most of the shadows of this life are caused by standing in our own sunshine.—Ralph Waldo Emerson.

Skeletons of Early.....

(continued from page 1)

known descendants, as required by law," George said today.

Authorities are now seeking a suitable vault where the remains of those buried in the little cemetery can be kept during the four-month period.

But until the cemetery is actually dug up, it will not be known how many skeletons must be involved, he said.
